<b>Age:</b>	6 YEARS	
<b>Class:</b>	PRE- NURSERY	
<b>Biography:</b>	<p>My name is Elizabeth Javed and I am 6 Years old. I came to NLF Orphan Home when NLF team visited Brick Lines Laborers who are working under bonded labour. Mother and two elder sisters are working at brick line under bonded labour and having huge debt which they have taken for day to day living and family survival.</p> <p>At the age of 13 my mother was purchased by a 50 years old man (My Father). He was already married and my mother was his second wife. I heard my father also have other children (my step brothers and sisters) but I did not met them. One day my father left us and escaped from his duties leaving behind alone all of us and we don't know either he is dead or alive because he never looked back on us. I really wish if I can see my father one day.</p> <p>I am very thankful to God for blessing me NLF family where I am living a happy life and everybody loves me a lot.</p>
